

Could your school benefit from the support of a Specialist Leader of Education (SLE)?

'One of the most effective ways of achieving school improvement is by working with other schools.'

'Teaching schools and system leaders support the Department for Education's goal to provide every child and young person with access to high-quality provision, achieving to the best of their ability regardless of location, prior attainment and background.'

- Department for Education (www.gov.uk)

Specialist Leaders of Education (SLEs) are outstanding middle or senior leaders, with at least two years' leadership experience, who have the skills to support individuals or teams in specific subject areas and specialisms.

Over 40 accredited primary SLEs are designated with Partners in Learning Teaching School. Our SLEs undergo a thorough recruitment process and induction and receive termly training to enhance their knowledge and expertise as leaders.

We have SLEs with skills and experience in a variety of specialisms including:

Maths
English
Science
EYFS
SEND
Behaviour
Business Management

When you contact us requesting support we will identify a System Leader with suitable skills and experience to provide the level of support required, liaising with the SLE and their school's Headteacher to ensure they have the capacity and availability to carry out the deployment.

Models and types of deployments will vary. Deployments could comprise of a single visit, a few days or may cover more significant periods with the SLE deployed in a school for one day per week for a whole term to provide bespoke support.

All SLEs deployed from Partners in Learning will be monitored for the quality of the support they provide. A QA Adviser will be involved throughout the whole process, attending initial meetings to discuss the requirements of the school and drawing up deployment contracts through to monitoring paperwork and offering guidance to both the SLE and receiving school during the deployment.

'There is no doubt in my mind that your work with us has had significant impact, for which I am extremely grateful.'

SLE support can be provided for £330 per day/£165 per half day. Please contact Jaisie.needham@partnersinlearning.org.uk to discuss your requirements or submit a support request on our website <https://partnersinlearning.org.uk/school-improvement/support-request-form>.
