TRANSFORMING POTENTIAL INTO PERFORMANCE

HEALTH MENTOR TRAINING PROGRAMME

WHAT IS IT?

A 12 month programme of training and support to help you become even more effective in your role. You will learn new skills, tools and strategies that you can apply immediately to improve your practice and accelerate your career.

This training programme will improve your knowledge, skills and behaviours linked to all mentoring aspects of your role, developing your confidence, job satisfaction and progression potential. The cost of this training is covered by your employer using apprenticeship levy funds so this will not stand in the way of your enrolment.

THE TRAINING PROGRAMME INCLUDES

- Locally delivered monthly workshops
- Regular progress and coaching calls
- Experiential learning tasks to check progress and application
- Workplace visits, support and observations
- Tools and strategies to affect change, improve performance and release potential
- The essential skills needed to become an effective mentor

WHO IS THIS TRAINING PROGRAMME FOR?

Anyone who has a formal or informal mentoring role will benefit from the Health Mentor Training Programme. Roles can include teaching assistants, learning mentors, pastoral managers, behaviour support workers, team leaders etc.

Health Mentors have an invaluable opportunity to transform the wellbeing, performance and achievement of their students. They are often the missing link between high quality teaching and pupil progress, providing the individual support needed to remove barriers to learning and enabling access to the curriculum.

WHO IS EVOLVE EDUCATION?

Evolve Education provides innovative, evidence-based training that positively impacts health, wellbeing and productivity.

Our socially driven philosophy is that all students will learn better if their health and wellbeing is supported. This holistic approach is evident in the way that we approach teaching, learning and human performance.
